

The History of the Bell Game

Falls Church High School vs. Justice High School

The “Bell Game” was started in 1960 by J.E.B Stuart High School’s (now known as Justice High School) first principal, Mr. Leon Mason. Prior to working at Stuart High School, Mr. Mason was the principal at Falls Church High School. He and a few other Falls Church teachers transferred to Stuart to open the new high school. Since many of the original Stuart students were former Falls Church students, Mr. Mason wanted to create a healthy rivalry between the two schools. When a Stuart faculty member (and former Navy captain) obtained a bell from the U.S.S. J.E.B. Stuart ship and brought it to Stuart High School, Mr. Mason thought this bell could help him create a friendly rivalry and to promote good sportsmanship between Stuart and Falls Church. This is how the Bell Game tradition began.

The bell was made into a trophy that is given to the school that wins the varsity football game between Falls Church High School and Stuart High School each year (traditionally the last football game of the season). The wood frame which holds the bell was built by one of the original shop teachers at Stuart. Attached to the frame are metal plates. Inscribed on these plates is the name of the school that won each Bell Game each year that the games were played. During Bell Week, both schools plan special spirit activities to promote the game. During the Bell game, each school keeps the bell on their side for half the game. After the game, the winning school will be presented the bell by the principals of each school.

In the Bell Game’s 59 year history, Justice HS has won the Bell 33 times and Falls Church has won it 25 times. There was one tie. The 2019 Bell Game will be played at Fall Church High School on Friday, November 8th at 7:00pm.
